"I protect all my home electronics from damaging surges by installing Eaton's Complete Home Surge Protection."

- Mike Holmes

Your home could have over \$15,000 worth of valuable electronics and appliances, which are susceptible to the damaging effects of surges.

What is a Surge?

A surge is a high voltage electrical event that travels through your AC Power, Telephone and Cable lines, potentially damaging home electronics and appliances.

Where do Surges come from?

- Lightning
- Utility disturbances
- Home appliances turning on/off
